Board, Governance and Leadership Workshop Guidelines

Introduction

In February 2022, Arts South Australia launched its first Aboriginal and Torres Strait Islander Arts and Culture Strategy (Strategy). Its main objective is to 'champion Aboriginal and Torres Strait Islander arts and culture whilst creating awareness and support to artists and art workers to create a culturally safe environment for all to thrive and achieve'.

A cohesive and holistic approach and a comprehensive implementation plan sits alongside the Strategy to ensure the government can be timely and responsive to the changing needs of the Aboriginal and Torres Strait Islander arts and cultures sector and communities.

Delivering a Board, Governance and Leadership workshop for South Australian Aboriginal and Torres Strait Islander artists and arts workers is an important action item from the implementation plan to fulfill.

Purpose

Arts South Australia is providing up to 30 South Australian Aboriginal and Torres Strait Islander individuals working in or actively engaging with the arts and culture sector to participate in a two day in-person Board, Governance and Leadership Workshop. The Workshop will be co-facilitated by a First Nations person from the Institute of Community Directors Australia (ICDA) to teach governance skills and knowledge to support First Nations arts leaders.

Arts South Australia is excited to offer this Workshop to increase the governance skills and knowledge of South Australian Aboriginal and Torres Strait Islander people interested in becoming a member of an arts organisation board or management committee. Through tailored governance training we aim to strengthen and grow the voice and influence of First Nations people across the South Australian arts and culture sector.
