SOUTH AUSTRALIAN GOVERNMENT BOARDS AND COMMITTEES INFORMATION

30 JUNE 2015

Government of South Australia

Department of the Premier
and Cabinet

INTRODUCTION

The enclosed report sets out the membership and remuneration of 237 part-time government boards and committees as at 30 June 2015 in order of Ministerial portfolio. The information has been sourced from the Boards and Committees Information System (BCIS), a database administered by the Department of the Premier and Cabinet.

This report reflects important board and committee reforms that were implemented during 2014 and 2015. The aims of the reform were to:

- facilitate open government and direct access by improving stakeholder engagement
- reduce red tape
- improve accountability and governance, and
- enhance productivity and performance.

Over 100 boards were abolished as part of the reform and many others were merged or their services are now being delivered in a different way. In addition, a large number of entities were 'reclassified' and removed from BCIS because, in most cases, they operated outside the central control of Government or were, in the case of sub-committees, more accurately defined as a component of a parent entity.

DEFINITION

Boards and committees included in this report are:

- established by or under an Act of Parliament of South Australia (generally excluding the *Local Government Act 1999*) and have a majority of members appointed by either a minister or the Governor; or
- established by a minister or legal instrument such as a constitution or charter, have a majority of members appointed by a minister, and have at least one member in receipt of remuneration.

COMMENT

This is the 18th annual report of consolidated board and committee information to Parliament. In doing so, the government has agreed:

1. The report is to be tabled in Parliament on an annual basis within eight weeks of the end of the financial year (subject to Parliamentary sitting dates).
2. Accountability and responsibility for the accuracy of the information rests with each minister.
3. This report should not be considered to be a complete listing of all government boards and committees.
4. Fee information is provided in full, reflecting remuneration details relating to individual board membership payments, and includes:
 - details of any attraction/retention allowances paid to particular members
 - the source of remuneration funding, and
 - an “Additional Fee Information” field to provide additional information and fee explanations when this is relevant to a particular board or committee.
5. This report includes the annual reporting dates (where applicable) for individual boards and committees.
6. There are no separate listings of sub-committees, but they are named on the report of the parent entity and any remuneration paid to them is detailed in the “Additional Fee Information” section of the report.

EXPLANATORY NOTES

1. Fees paid on a sessional or hourly basis are an approximation only. This is due to the difficulty associated with extracting details regarding numbers of meetings each member attends on each board or committee during the year.
2. Except in rare circumstances, deputy members' fees are not included in the total board fee calculations.
3. Some boards and committees may appear with no membership. This indicates that there were no members appointed on 30 June 2015.
4. The 'Agency' field at the top of the report is an optional field, which some agencies choose to use for their own purposes. It is not an essential part of the report.
5. Individuals' titles and post-nominals are not included on the printed reports.
6. BCIS was designed to allow only one deputy membership per member. In some instances there are deputy members who are deputies to more than one member. The database does not record any second and subsequent deputy memberships.
7. Fees appearing in the 'additional fee information' field at the bottom of board listings do not count toward the total cost estimate for the board or committee.
